

PROJECT MYO — Clinical Report

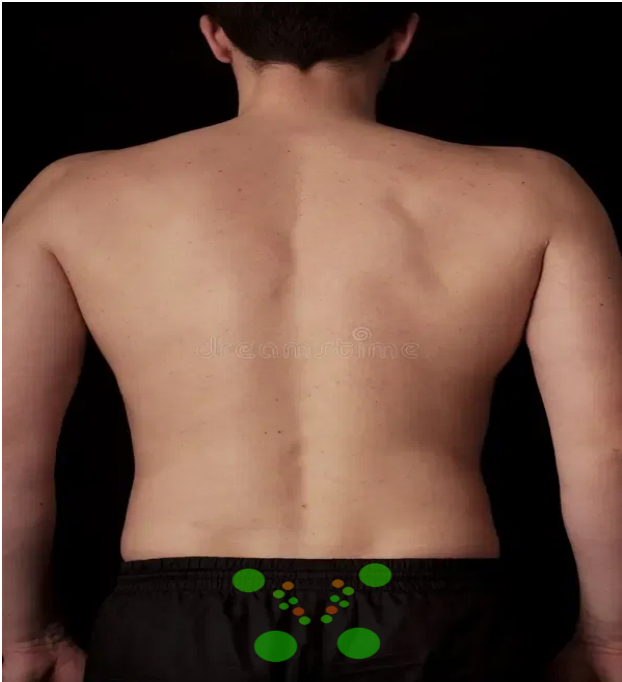

Patient P001	Session P001_S002	Date 2026-07-15	Administered by Dr Tan
-----------------	----------------------	--------------------	---------------------------

Composite Asymmetry Score

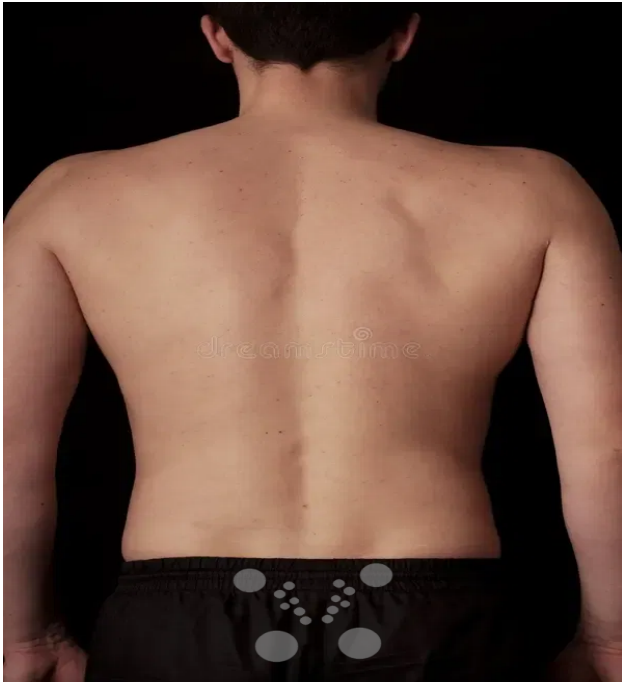

8.1%

Mean bilateral asymmetry index (frequency and stiffness pooled) across all measured landmarks. Threshold for flagging: 15%.

Tension Heat Maps

Current session

Change vs previous session

Asymmetry Index by Landmark (Top 4)

Thoracolumbar Fascia	27.7%	32.6%	■ FLAGGED
Longissimus Thoracis	19.5%	28.6%	■ FLAGGED
Quadratus Lumborum	7.0%	6.2%	
Multifidus	4.6%	3.0%	

Flagged Muscles

■ Longissimus Thoracis
■ Thoracolumbar Fascia

Muscles where frequency or stiffness asymmetry index exceeds 15%. Review treatment plan for these regions.
